

The Town of Ellicott Highway Dept. will begin conducting leaf pickup operations on Monday, October 23.

Crews will begin on Southwestern Drive in West Ellicott and work toward Townline Road in Fluvanna. Highway employees will make two complete passes of the town.

Residents are asked to rake leaves to the edge of the road. Please do not mix sticks or brush with the leaves. Also, please do not fill ditches or block catch basin grates to allow storm water to flow.

Leaf pickup operations will conclude on November 17.
