***Logging on Harris Hill Rd.*** – Highway Superintendent Pickett reported that *RAM Forest Products*, a logging company located in Shinglehouse Pa., is in the process of cutting timber on property located near Harris Hill Rd. Mr. Pickett stated that the company intends to utilize the road for the next several months in order to transport the timber out of the area. He expressed his concern that the weight of the vehicles used by the company when transporting the timber could damage the road. In his opinion, it might be a good idea for the Town Council to require that the company obtain a bond to cover any potential damage to the road. The Town Council discussed the matter.
